OSHIN

Enter the world of Oshin Wines, a heartfelt tribute to the medieval Armenian Kingdom of Cilicia and its visionary ruler, King Oshin.

Inspired by his quest for peace and prosperity, Oshin Wines embodies the enduring spirit of the Armenian people. Our winemaking artistry revolves around the Areni and Voskehat grapes, known for their thick skins that have stood resilient against Vayots Dzor's extremes for millennia. Each sip reflects the harmony of tradition and the enduring strength of the land—Oshin, where the legacy of a kingdom lives on in every bottle.
